NDDN W57 Insert Disk Map Solution | Japanese car radio and navigation unlock solution | whatsapp. âœ… Product Description NDDN W57 Insert Map Disc Solution: This can work for all cars without CD player. It allows you to use maps using an SD card and built-in memory. In this case, you do not lose the device's memory, and you cannot use the original card for data storage. Note: You must have the original card (NDDN) before installing this card. Peculiarities: 1. Support for all modern car navigation systems (Japan, Europe, America, Russia, etc.).
