In the Lands Between, a continent of warring kingdoms lies trapped in a time when the world was young. This land was once blessed with eternal spring and never knew the art of war. But then a mysterious army from the east struck in the spring of that evil time, and in a mere six days the spring was frozen over. The springtime curse to the world, the “Elden Ring”, was cast. • A Tarnished Fantasy Reminiscent of the Epic Story of the Sword of Mana series Although the history of the Lands Between is little known, it is said that in the age before the Elden Ring was cast, the world of Fiore was filled with peace and prosperity. This continent of the Lands Between is reminiscent of the story of Mana, an epic fantasy JRPG series created by Media Vision. • Addictive Action-RPG Gameplay In the game, you play as a wizard who is the leader of a small village. Your village is all that’s left of the once peaceful land. A great evil threatens all of Fiore. You and several allies, with whom you can freely build friendships, set off on a journey to save the world. RISE OF TARNISHED ♦ The Initiation of the Fictional Main Character Rise of Tarnished is an action-roleplaying game (RPG) for Android that combines the mystery of a JRPG with the addictive RPG gameplay of a “sword and sorcery” game. The protagonist of the story is born into a village located in a mysterious lands called the Lands Between. Before long, he begins to understand that someone is using spells to warp the world. His village is attacked, and he is chased by a mysterious “black bird” after that. ♦ The Blade of Tarnished The protagonist uses magic to protect his village. A powerful evil attacks the town, and he fights through every day. One day, he discovers a blade that can break the curse of the Elden Ring and clears his name. Unfortunately, in order to unravel the mystery of the Elden Ring, he must first meet the voice of the Lands Between. ♦ Features: ■ A Unique Action-Role-Playing Game (RPG) The “action RPG” genre is known for its “cinematic” battle scenes

“Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between. This game has some problems that you would run into if you were planning to first time with the RPG genre. Some parts of the game is clearly terrible and needs improvement. While the game is not bad though, it can be a fun experience if you are willing to put in the time.” Engi Filipino (South East Asia) – Gerry Lee, Sincity’s No. 1 LARP designer “The land has a 7-level structure, which consists of “forgotten”, “sacred”, “knight”, “lord”, “evil”, “numen”, and “dimension”. Each level corresponds to a different class. You can acquire upgrades to weapons or magic by entering the level, gaining experience, or by accumulating EXP from defeating monsters. As an action RPG like other Tarnished games, the primary purpose of this game is to explore the different worlds and complete their quests. The stories of your travels are told in an enjoyable manner. The game is hard if you are new to it. You will lose your EXP upon death, and will have to fight monsters to restore them. You may even be killed before you can discover and complete quests if you get the wrong move. You can use this game as an empty exploration tool, but there’s fun to be had by completing quests with other characters. ” Arrange.net (Japan) – The official Tokyo Game Show (Asia) – NJS (Korea) – Samhwa (Korea) – KID Games (Taiwan) – “The game combines the world of fantasy and action RPG in a new way, creating a fun, unique gaming experience for players. It has a large variety of levels that provide various challenges and situations. “Rise, Tarnished, and be guided by grace to brandish the bfff6bb2d33
