The protective effect of ginger extract against the hemolysis of red blood cells (RBCs) in experimental hypercholesterolemia. In the last decades of the 20th century many people suffered from cerebral strokes. This stroke is one of the important causes of morbidity and mortality in developed countries. Strokes have many risk factors among which there is hypercholesterolemia which is an important predisposing factor for this disease. Much research has been carried out on the effect of hypercholesterolemia on the hemolysis of the red blood cells (RBCs). It is well known that ginger is a spice that has beneficial effects on several diseases. In this study we have demonstrated the effect of ginger extract (GE) on the hemolysis of RBCs in the experimental hypercholesterolemic condition. Thirty male albino Wistar rats were divided into five groups of six animals each. Group 1 (negative control) did not receive the cholesterol (CHOL) and was given a daily oral dose of 25 ml/kg water. Group 2, 3 and 5 received the same daily dose of water, but group 2 also received 60 mg/kg cholesterol by intragastric (ig) application while groups 3 and 5 were given 60 mg/kg cholesterol by ig as well as 60 mg/kg cholesterol with daily oral doses of 10 or 100 mg/kg ginger extract. RBCs were collected from these animals and their hemolysis was measured. The hemolysis of the RBCs increased significantly in groups 2, 3 and 5 (pQ: How to compare a value in a json file to a dynamic stored variable I have a json file with dynamic values, I need to compare one of these values and a parameter that is stored. What's new in GTR Evolution Expansion Pack For RACE 07:

Astro Studios is proud to announce RACE 07, the third and final addition of the GTR Evolution Expansion Pack for the popular racing simulator Race 07. The expansion pack introduces both a single-player and online multiplayer experience, offering numerous content updates along with new cars, circuits and locales. Features New Game Content: The GTR Evolution Expansion Pack introduces a new 250MB single-player game mode (GTR Evolution) as well as multi-player support that offers four different game modes and eight different environments. The GTR Evolution mode offers a name-your-price purchase system and the player is pitted in a single-race, time trial event against seven other global racing online regulars. The GTR Evolution online mode focuses on a one-to-one scenario and pits a single driver against fourteen real-life racing professionals from all over the world. The player can try and beat each rival by gaining traction, passing them, drifting them out and surviving as many laps as possible to earn the highest place. New Cars: The GTR Evolution Expansion Pack introduces several new cars including the Porsche Turbo and Ford GTE, along with several new motor racing-related vehicles for the player to drive: an Aniline Nitro Cross, a Caterham Seven 620R, an FFR 406T, a Fiat Dino Z2, a Lancias A.1, a Minisnipa TT1E, a Sunbeam Alpine and a USMCMC Collins Mk. I. New Gladiators: Race 07 has always featured a huge sport-tech collection, ranging from Formula 1, to Formula E, to Moto GP and is today expanding this collection with the addition of several New Gladiators cars. Among the most notable NGs cars are the Ferrari F3, the GT1 Ferrari, the Lamborghini Murcielago, the Audi R8, the Genii Satin Jaguar XKR, the F3T Marion, the Peugeot 908, the Mercedes C9 and the Audi Sport TT2. New Environments: The GTR Evolution Expansion Pack adds a vast variety of environments to Race 07, ranging from the latest tracks such as Circuit de Barcelona-Catalunya in Spain and Brands Hatch in England, to 1970s US tracks such as Road America in Wisconsin, Alton International Raceway in Illinois, as well as several new tracks in California. All of these new environments are fully interactive with the
