Path and Space General Q: What are the dimensions of the in-game path? A: The "path" is, if you like, the course of the player's life, and its size is determined by the length of the game, the countries of the world, and the amount of narrative content you have chosen to play through. All this information can be accessed using the Timeline in the Game's Extras.

Q: How can I create and change events in the timeline? A: With the help of the Events tab under Gameplay. This will allow you to create the path of your life, or the path of the characters in the game world. Choose "Create Event" or "Edit" and enter the date of the event on the popup window. An event can either help you to change your path, or it can influence the

story. Q: How can I make a (small) map to clarify areas of the game? A: With the help of the Map tab under Map Settings. By default, you can see the layout of the in-game world, and the seven major regions that make up the world, from north to south. If you have never played the game before, then it is easier to explore the world in its entirety with a map, as
