Anomalous origin of the coronary arteries is a relatively uncommon congenital anomaly that has been increasingly recognized by echocardiography. This paper describes our observation of an anomalous origin of the right coronary artery (RCA) from the left sinus of Valsalva in a patient with angina. Cardiac catheterization and angiography confirmed a severe stenosis of the proximal RCA and an anomalous RCA coursing along the left AV groove. The anomalous RCA separated from the distal right coronary artery and took an acute and tortuous course through the left AV groove. Q: Semaphore in Java, deadlock between threads I'm getting deadlock and I don't know how to solve it. I created a simple semaphore, and I'm just trying to understand what is going on. The idea is : when 1 thread enters the semaphore, a semaphore is created and the 2nd thread is

not yet able to enter the semaphore because the first one is in it. But when I launch the 2nd thread without waiting for the 1st one to finish, I get deadlock. `import java.util.concurrent.*; class MyTask implements Runnable{ private boolean inSemaphore = false; @Override public void run() { try { for(int i = 0; i`
