Elden Ring Features Key:

Opening - Play a fantasy game for free with your allies. Select your party of heroes, and begin your journey.

Seeking Heart - Create and raise your character. Strengthen your development, improve your equipment, and embark on a quest.

Taking Back the Lands Between - Assemble your party, and take on your quest. Battle and defeat monsters, and unlock new areas.

World of Destiny - Choose your path to the future as you fight against the darkness. The fate of the world and your destiny lie in the balance.

The game itself is free and offers a combo of timed running, jumping, and sliding. Since Gravity Rush is a Vita exclusive, you just need to hit the buttons on your PS3 controller to pull it off. Whether you're into rhythm, or prefer to play your PS Vita at a light jog, this combo is definitely something you should try out. Oke setting --> Client --> Interface Control Panel
Click on Cheat Engine Auto Input Window
Click on Gamename
Click on Tools --> Load Unlock Parameters
Enter the game folder and paste to the menu Windows Systempath: %TomaPath%\Assets\launcher\1.0.4\exe
Reload client
Click on Game and press Space
Click on Control Panel under Menustyle, then set the Name Command: elden3dhk
Enable Cheat Engine
Save the settings with auto input
Now you can play the game!
If you have any problems, you can try adjusting the vanilla setting first. Then you can send information about the problem to Github
Enjoy the game!
