
Battlefront 3 Alpha Download ~UPD~

It's been a year since Star Wars Squadrons was released, and to celebrate, EA decided to give . But instead, she decided to simply update them with a new progression system and new planets to explore. As you'd expect, it's not as good as all that. EA was forced to give players something completely new as Squadrons wasn't ready for a complete overhaul. I'm not saying it was bad because the game was pretty cool, but at the same time it still doesn't give it what the fans would like. What exactly is Star Wars Squadrons is?
