

Are the Atlanta Hawks a potential landing spot for DeMar DeRozan? 1 - 2. by HMFFL " Fri Dec 13, 2019 9:43 pm. First post ... ----- Der Fuhrer.. "I've loved hockey since I was a kid, but I hate the Atlanta Hawks team. You've never asked me anything, but now I have to tell you. I have this girl I know, she's from Kansas. She likes to watch the NHL on TV, and she... ----- Der Fuhrer ...She's in love with one of the players. She can't wait to watch them again. She... I don't know what you would call it. She's obsessed. She's obsessed, that's all. And I finally had to tell her that this guy was married, that he had a kid. ----- ...And I had to tell her how horrible and how unfair it is that one man is married, that he has children, a family, and he can't just be with her, and that... (Crying). And that's when she said it wasn't her children and that she didn't have children. She said she just had one. And that's when I knew I wasn't going to love her anymore. I said: "How? I loved you, after all. You were my most beloved person, and now I don't want you." I said: "I need you." And she said she had someone else. And I realized that she didn't need me anymore. I asked her if she loved him. She said she did. And I said I didn't. I said: "And I thought you were mine. Yes, I thought you loved me." And he said: "Don't think like that again, please, don't ever think like that." "Please," he asked me, "please don't think like that anymore, don't think like that ever. Don't think like that again, don't think like that ever. Never. He said: "I told him that we would meet again, because fate had it so, because it was fate to meet you." I said: "It had nothing to do with fate, it was my fate, I was the one who met you," and we started kissing again. And I thought:" I said: "It's not fate, it's my fate, I'm the one who met you," and we started kissing again. And I thought. I said: "It's not fate, it's my destiny, it's how I met you," and we started kissing again. And I thought, "Let this be my life, not a life in some other dimension. This is me meeting you. I said: "It had nothing to do with fate, it was my fate, I was the one who met you"-and we started kissing again. We started kissing again, again. And suddenly I realized that I didn't want him to leave. I don't want him to leave anymore. I want him to be there. Always. I told my boyfriend that. He replied that he wanted that too, but he had things to do right now... How wrong it was, after all, if we were finally back together. We started kissing again, and when we woke up, he left. He said he would be back in a few hours. And I, not knowing what to do, called my mom. She said: "What? What?"
